REMINDER

The first installment of 2017 property taxes must be paid by January 31st.
The Clerk's office is open Mon.-Fri., 7am-5pm if you wish to pay in person.

Payments must be postmarked no later than 1/31/18.

Dog and cat licenses should be purchased at the Clerk's Office.

Village Ordinance Chapter 6 states that all animals must be licensed.

Fees remain unchanged for 2018.

Check out our website at www.brooklynwi.gov for current information and events happening in our area.

[Village Board Meetings take place on the 2nd and 4th Mondays of each month at 6:30 pm. Agendas, Minutes & Packet Information can be found under the Government Tab on the Brooklyn Website.](#)

Brooklyn Village Board Meeting Minutes December 11, 2017

The December 11, 2017 Village Board meeting of the Village of Brooklyn was called to order at 6:31 p.m. at the Brooklyn Village Hall by President Clayton Schulz. Trustees present were Brittany Springer, Sue McCallum, Heather Kirkpatrick, Todd Klahn, Bruce Crubaugh and Russell Cazier. Others present were Lyle Hawkey, Pat Hawkey, Mike Brusberg, Greg Kosharek, Acting Chief Engelhart, Mark Langer, and Clerk-Treasurer Linda Kuhlman and a few citizens. All present stood for the Pledge of Allegiance.

Public comments – citizen in Hilltop/S. Kerch area was curious about Hilltops/S. Kerch construction. Schulz said it will be discussed later in the meeting.

Schulz made a motion to approve board minutes of 11-13-17. Kirkpatrick seconded. Motion carried. Klahn, Crubaugh and Cazier abstained. **Klahn made a motion to approve the board minutes of 11-27-17.** Springer seconded. Motion carried. Crubaugh and Cazier abstained.

Nothing for President's Report. **Clerk's Report -- Financials were handed out.** At the end of November 31, total deposits were \$192,769.88 and \$126,658.38 of that was the second half of shared revenue from the state. Withdrawals totaled \$112,240.22, and total balance in all accounts is \$1,663,819.49. **Green County taxes were mailed out last week. Dane County taxes will be mailed out tomorrow.** Clerk's office will be open December 29 to receive tax payments. **Election nomination** paperwork is still available, and paperwork can be returned until January 2 at 5 p.m. **There are two parcels in Village that have received complaints** and clerk would like guidance on how to handle. One is on S. Rutland. They were asked to clean up the property, and during the summer cleaned up items from the sides of house and put in back, and now owner in back of property is complaining and also think a shed is being built that is encroaching on their property. Clerk stated owner/renter have not taken out a building permit and there's been nothing done on the property for a long time. Photos were handed out to board members. The second property is on Railroad Street with tarp on roof, and Kuhlman is asking for guidance on how to handle the property. Hawkey stated her concern is that the person on Railroad is unable to do anything with the property, and she thinks village should try to find people to help. Schulz agreed. Schulz suggested attempting to contact Railroad Street owner one more time to see if any progression is being made. Kirkpatrick agreed. There's an organization called Project Home. Schulz said on S. Rutland if new construction is being done and it's unpermitted, it needs to cease. Schulz suggested sending a letter to homeowner, and if there's any further progression, take more action. Hawkey stated it's a long-term problem and even police have had contact. Schulz and Kirkpatrick suggested giving a 30-day timeline to clean up and wait and see what happens. **Kirkpatrick made the motion to have Rob Roth send a letter based on zoning ordinances and give a timeline under which matter should be resolved.** Schulz seconded. Motion carried. McCallum asked question about letter that went out with taxes regarding the state taxes. **Kuhlman explained that the state is no longer charging real estate taxes through at least 2019.**

Public Works – Langer stated we received the task order from Strand. About 95% of survey work is done on S. Kerch and S. Rutland. He stated since the LRIP money goes into 2019, he will ask Strand to change the completion date to 2019. McCallum asked if we're having engineer prepare drawings for water, sanitary, storm sewer, utility replacement, street and curb and gutter. A citizen present said many of the road projects are scrimping on amount of tar and asphalt, binder material, and something that should be looked at is having enough oil added so it will last longer. Klahn stated the state changed specs for asphalt pavement. It's up 3% more oil than previous. DOT has new state specs. Citizen said it's something to look into, maybe more benefit to last longer. Langer agreed with Klahn. Another citizen asked if all the utilities will be installed in one phase. Langer said we'd start at one end. Citizen asked if parking will be accommodated during project, because there's only one way in and out. Langer said 90% of the time there will be one lane open. It should only be shut down during paving. **Schulz made a motion to approve task order from Strand for S. Kerch/Hilltops reconstruction.** McCallum seconded. Motion carried unanimously. Langer stated the reconstruction options are, if want to discuss tonight, N. Kerch is 36 feet wide back of curb to back of curb, and when cross Highway 92, it's at 25 feet until near Hilltop Court and then it's back to 32 feet back of curb to back of curb. His suggestion is to go 32 feet back of curb to back of curb on the first part, then it's the same all the way through. Klahn asked if part of survey will lay out the right of way. Langer said street is not in center of right of way, so may want to center new construction. Klahn said it depends on utilities. Langer said another thing to consider is if Village wants to put sidewalks in. It's a decision for down the road, and if so, depending on right of way widths, terrace area, if did it, might be pretty narrow and less place to put snow, unless property owners give up some right of way. These are all things to think about. He is

meeting with Strand on December 20, so will bring back these questions in January. Kirkpatrick said it sounds like we need the survey information to see where we're at. Langer said it will be finished soon if Diggers Hotline gets the rest located.

At the last meeting **Division Street sidewalk** was discussed. The concern is tripping on the breakup of the sidewalk across the street from school. Langer stated there have been five other complaints that have been taken care of and fixed to standards this year. Langer said being late in season and that the sidewalk is only three-foot wide, he can't tell them to fix it at three-foot without board's permission. This will have to be looked at next year whether they should proceed with them leaving it at three-foot or direct them to put it in at five-foot. It was also brought up that it's not all the way to corner and the fact that kids are crossing to the other side going to school. Kirkpatrick said nobody walks there because there's no sidewalk. Langer said decision doesn't have to be done tonight, but rough estimate is about 130 feet, and it could be \$4-6 per square foot, so about \$3,000, and if go to corner, that's about the same length, so it would be about \$9,000, but it depends on what quotes will be. Klahn would like to see cold mix asphalt for now on the two tripping places. Langer said he will do that. Kirkpatrick said that's why she brought it up, because she saw two little kids trip. **Langer said the sidewalk survey from 2007 was handed out to all board members.** McCallum said it seems to be that none of this area has changed or improved in the last 10 years. Discussion on sidewalk plan. Kirkpatrick would like to bring the survey up to date to see the status of the sidewalks, have they changed, and then take a look at same areas, reprice and come up with a plan, especially to and from school. Langer doesn't think there's been any major sidewalk work, but about 12-15 spots have been repaired or changed since he has been here. **Kirkpatrick made a motion to update sidewalk plan to understand the state of affairs in the Village and add the new property on the north end and the fire station.** McCallum asked if it's something Langer can do by mid-summer of next year. Langer said yes, some could be done fairly quickly. Springer asked if sidewalk is put in on Division Street, it could be \$3,000-5,000 for one side of the house. Langer said 130 feet is about \$3,000 depending on quotes. Schulz seconded. Motion carried.

Langer stated the board received a letter or email from the **Lutheran Church regarding the painted curb on Division Street.** They lost a few stalls, so they're wondering if Village can change the signs so it opens up parking. Langer suggested that since the church owns the lot behind the church, they build their own parking lot and ADA route. It was also stated someone tripped on the street. That has been raised, so that specific property is higher than the sidewalk on either side. Springer said every time big snow fall and starts to melt, there's a big puddle. Langer said there's no underground storm sewer so it's flat and sits there. It's the same situation as the property on Bowman Street that the board looked at in the past. Rebecca Ninke, the pastor at the church, said people have fallen and it's a problem for handicap members. The no parking has created a hardship for elderly and handicap, taking away half of their parking. The church is not interested in building a parking lot. She's asking if it can be signed for parking on holidays and Sundays. **Klahn made a motion to change the signage to allow for parking on Sundays and holidays.** Cazier seconded. McCallum said the motion should be specific on which side of the street. Langer said they changed no parking on the narrow end, so on east end both sides of the street. They didn't change anything on 2nd street. Pastor Ninke said the yellow was added on 2nd Street and in front of steps is new. Kirkpatrick stated in front of church was there but faded. Langer doesn't remember adding anything on 2nd Street. Langer will look into it. He will measure the area on Division Street and bring it back to the board so they know exact distances and which sides. Schulz said once Langer gathers the information, the board will make a decision. Klahn gave a recommendation that he would like to see as much parking on Sundays and holidays as we can. He said to work with Engelhart and get description for parking. **Klahn will rescind his motion until more information is brought.** Schulz asked as far as the water goes, what are options. Langer said it's so flat that unless you do major reconstruction with underground storm pipes, there aren't many options. Pastor Ninke asked if Village can do something to raise that portion. Klahn said it would be difficult to take care of this winter, but can be looked at for spring-summer project. Springer said they can address it when they look at sidewalks. Schulz thanked her for coming.

Langer said the well 2 motor died, so the well is down. The board budgeted next year for the 10-year pull and inspect, so Village was planning to do it anyway. Option is to pull motor off and fix it or buy new and put it back in, or proceed with what we were going to do in about three months and do it all together and save costs. It was an emergency situation, so Spilde talked to Village president and a board member and they authorized him to proceed. Langer was hoping to have final costs today, but should be in budget for next year, except for motor. Klahn suggested approving upgrades now that were scheduled in three months. Schulz agreed. Klahn said if done so bill is dated after January 1st, it will be okay on next year's budget. **Schulz made a motion to go forward with repairs and inspection of well 2, to be paid in 2018.** McCallum seconded. Motion carried unanimously.

Langer stated one of the employees parked the Ford pickup, came in for next job, went into the other truck and then backed into the Ford pickup he just parked. There's damage on the door jam and door area. The cost for repairing is \$1,300 with a \$500 deductible. He already decided to proceed with repairs. He did get a separate estimate of \$2,800 on repairing the two rear fender wells. The pickup is scheduled to be replaced in 2019. It's still a good truck for a '99, and he would like to know if board wants to proceed with the fender repairs. Schulz feels should hold off, if everything else is okay. Klahn said it can wait. **Schulz made a motion to wait on repairing the rear fenders of the Ford pickup.** Cazier seconded. Motion carried unanimously.

Public Works report – took flags down, Christmas decorations are up. Had to pick some up last week that came down in the wind, and some don't look exactly right, so they will work on that in the future. Leaf and cornstalks pickup is done and they'll do more as necessary. Hauled in aluminum cans and scrap. No burials. Another Norway spruce came down in cemetery. At the request of the owner next to cemetery driveway, they will probably take down first one off Church Street. Did not get the Urban Forestry Grant of \$5,000. Springer said thanks from Recreation Committee for decorating the tree. They had about 25-30 people at the tree lighting. Langer said Chad Klahn and Curt Golz put lights on.

Utility report – water issues, biosolids tank emptied and still doing some decanting. Emergency management had a meeting on the 28th regarding the tabletop exercise.

Safety – PD is live on the new **Spillman RMS system**, and everything on the Spillman side went well. Our own equipment failed - two keyboards and 2 mice quit and have been replaced. Still working on a few things in Spillman. Still working on incident based reporting and it will be up and running on January 1, 2018. Mapping system will be up and running in a few days. E-referral was supposed to come from Oregon this weekend and will be up and running. TracS is still being worked on and will hopefully be done soon. On second day found out SIM card had gone bad in squad router, so got that fixed. Have been generating cases. Now there's a learning curve on using the program. **Squad car cameras** have arrived and will be installed in January. Engelhart asked if he could carry over into January an additional three days of vacation if he can't take time off before end of year due to RMS program. **McCallum made a motion to approve Engelhart carrying over up to three vacation days into 2018.** Schulz seconded. Motion carried. Engelhart went to Dane County Circuit Court on December 5th for first time. Court Commissioner said we're the only village that uses Circuit Court. The normal procedure, if board and attorney agree, is for the commissioner to bargain citations in court without us being present. Commissioner asked if village attorney would call to discuss. **Schulz made a motion, contingent on village attorney's approval, to allow Dane County Court Commissioner to argue cases in court without the presence of Village of Brooklyn officer.** Klahn seconded. Motion carried.

Chief's report – Other than dealing with RMS switchover, one of biggest things to do is community policing and talk to businesses. Engelhart thinks most were contacted. Officer Kosharek spoke with people in Business Complex. Engelhart made contact with new bakery. One of his goals is to continue community policing and talk to businesses. It was way overdue. Engelhart listed off the police report items for month of November.

Kirkpatrick presented the results of the **policing survey**. All surveys that came in by deadline were put into the results. The vote was 82% in favor of keeping the Brooklyn Police Department. A few people didn't answer all questions, but results were put in anyway. About 30% of respondents were present for the public meeting, and about 70% reviewed the documentation on line. About 97% of people do know where the police department is located. About 50% think police presence in the village is adequate. The majority of people think the police department is doing okay and 17% have never interacted with the police department. Comments in Questions 8 and 9 were handed out. Majority of people understood if Village went with Dane County, the officer would be in the Village. Received 127 responses. Engelhart said he will try with Spillman to pull numbers and get more accurate data than before. Kirkpatrick mentioned that coverage Monday through Friday during school hours was a recurring theme in the comments. Kirkpatrick will convert the results into a pdf file for posting on website.

Crubaugh made a motion to keep the Brooklyn Police Department as is. Cazier seconded. Motion carried unanimously. **Crubaugh made a motion to promote Engelhart to Chief of Brooklyn Police Department from acting chief.** Schulz seconded. Springer asked if we have to open up hiring process for other candidates. Klahn said Village should look at other options and open chief position up for outside candidates. Schulz thought better to keep someone with history who is going to understand and continue growth and has relationship with community. A citizen in audience said Engelhart has valuable knowledge. Crubaugh stated he's doing job right now and doing well. He's taken

on challenges that were pushed on him with RMS changeover and everything else. Klahn said it's a common practice to open up hiring process. Schulz said with work that he's done, he's most qualified for the position. Klahn said he could argue that. He is in favor of opening up hiring. McCallum said board decided not to open up for clerk's position, and they could have had a lot of candidates. Kirkpatrick said there were some comments in the survey speaking to this issue, and she would like to see a search done. McCallum stated Engelhart has a proven track record. The last time Village looked for a chief it took six months. Engelhart has knowledge and was trained by previous chief to take over. If in future, he's not doing the job, that's another story. He's a known quantity. Schulz said he's brought in officers with positive character traits and has gone out of his way to bring his knowledge to the village. Springer thought Village only hired one part-time under Engelhart as acting chief. Schulz agreed Engelhart did not hire them, but the character of officers reflects on Engelhart and the department as a whole positively. Hawkey asked if the motion will include putting Engelhart on probation or not. Kuhlman stated that all Village employees are at-will employees and can be let go without cause, so cannot be put on probation. There can be an orientation period or training period, but it's not called probation with at-will employees. Schulz called the vote. Hawkey asked if it could be a roll call vote. Cazier, no; Klahn, no; Crubaugh, yes; McCallum, yes; Springer, yes; Kirkpatrick, no; Schulz, yes. The motion carried 4 to 3. Brusberg thanked Hawkeys for providing money for sending out the survey. Engelhart asked if terms of employment will be set up at next meeting. Schulz agreed. Hawkey asked for an update on part-time officers. Engelhart said Officer Quinn couldn't make it tonight to be sworn in. Schulz thanked the Hawkeys and said comments will be useful. McCallum stated it was about \$1,100 to send out survey.

Schulz made a motion to approve bills. McCallum seconded. Motion carried. **Schulz made a motion to approve operator license for Stacy Trumpy.** Klahn seconded. Motion carried. **Kuhlman stated the Chamber is putting together a Brooklyn Area Guide** and sent out information to advertise to all members. The Village is a member. Schulz doesn't think the Village has anything to advertise. Springer said the Village will get a free directory listing for being a member. Kuhlman explained that she spoke with Charter about keeping the Village's channel. Charter said it's a dark channel and would like to take it back. Board discussed keeping the channel and putting up a running ticker of items going on in the Village. Springer said she has done this in the past for Oregon. She understands the scope and how to do it. Discussion about what to do with channel. Schulz suggested Springer and clerk work together to explore it. **Kirkpatrick made a motion to keep village Charter channel and begin to utilize it.** Cazier seconded. Motion carried. Crubaugh opposed.

Kuhlman reported that she met with representatives from Ehlers and from Baird to become Village's financial advisor. Pricing is comparable and determined on how much you borrow. Baird does advising and underwriting together for one charge. Ehlers does the financial advising and would need to send out for underwriting, so two charges. Ehlers quoted on a \$1 million note, the fee would be about \$11,700, and then there would be underwriting fees. Baird quoted on \$1.5 million to \$2 million note, for both financial advising and underwriting, fee would be \$30,000-40,000 versus financial advisor fee of \$15,000-20,000 and underwriting fee of additional \$15,000-20,000. McCallum said the Village has worked with Ehlers before. Kirkpatrick said Village doesn't necessarily need the underwriting, unless go to bonds. She's worked with Baird and liked them, but sometimes their financial advice wasn't very sound. She's seen some good things from Baird, but others can do it as well and cheaper. McCallum said Ehlers did a good job of explaining things in simple language. **McCallum made a motion to approve hiring Ehlers as financial advisor.** Kirkpatrick seconded. Motion carried. Kuhlman stated she will contact them and get going on projects.

Kuhlman stated the community building has been rekeyed and she found a form used in the past for signing out keys. The form states that if they key is not returned, the person will have to pay for having the community building rekeyed. Since the Recreation Committee only has a key to the lockbox, they asked if the form could be worded differently so they would only have to pay to have the lockbox rekeyed, so Kuhlman handed out a draft to board with change in the language for only paying to rekey box unless failure to return key results in community building key being missing. McCallum asked about who has lockbox keys from Recreation Committee. She doesn't think all members need a key. Springer said they can't have only one person opening and closing the building for events. McCallum said in her opinion there are too many people with keys. Kirkpatrick suggested changing language to read replacement cost. **Schulz made a motion to adopt the changed language for the key security form for community building.** Kirkpatrick seconded. Motion carried. McCallum did not vote because she doesn't agree who will have keys.

Recreation Committee – Springer said the committee recommended new member Pat Hawkey. She's done a lot for the recreation committee over the years. **Cazier made a motion to add Pat Hawkey as a new Recreation Committee member.** Klahn seconded. Motion carried. Springer said they had 25-30 people at tree lighting. The Committee

would like to ask board members to participate in bigger events. Springer said they would like to ask about carrying over funds from 2017 to 2018 for purchasing new banners. They don't think they can get them ordered by the end of the year. Kuhlman stated they're looking to carry over \$350 from advertising and \$900 from fundraising expense. Kuhlman talked about the chart used for figuring out leftover funds to go into the Recreation savings account. In the past, it included everything, even budgeted funds, which should be treated like all other budgeted funds. In her opinion what goes into savings should truly be from fundraising efforts. Kuhlman and Hardy will meet to look at where expenses and revenue are recorded in the accounts and will come back to the board after meeting. Springer stated Hardy would like to be more actively involved in budget discussions for Recreation Committee. McCallum said they were directed to come up with a plan in 2018 for savings account money. McCallum said as chair of committee Hardy should be submitting budget amounts. Schulz said she's always welcome to come to meetings. Springer said she knows that. Hardy would just like to get a heads up if there is information about Recreation on the agenda. Kirkpatrick said that should be done. Schulz made a motion to approve carryover of \$1,250 of 2017 budget funds to 2018 for Recreation Committee. Kirkpatrick seconded. Klahn would like to specify it to be used for banners. **Schulz amended his motion to approve carryover of 2017 budget funds to 2018 for the primary intended use of marketing materials for the Recreation Committee.** Cazier seconded. Motion carried.

Media Committee – Springer stated the committee went through the results of the policing survey. They won't meet again in December.

Schulz stated the closed session is not necessary because Village did not receive any information from Aquafix regarding their stormwater proposal.

McCallum made a motion to adjourn at 8:50 p.m. Crubaugh seconded. Motion carried.

Linda Kuhlman
Clerk-Treasurer

PELLITTERI 2018 CALENDAR

****No Parking on Village Streets
1 am – 7 am. until April 15th**

COMMUNITY POTLUCK

January 25th at Noon

Brooklyn Methodist Church

Bring a dish to pass – table service and beverages are provided.

All ages welcome.

NOTES FROM PUBLIC WORKS

Snow Removal from Sidewalks

All sidewalks must be cleared of snow within 24 hours of snowfall ending. Snow **may not** be put into the street.

Snow Blowing or Shoveling Snow back into the road is not legal - Per Wisconsin State

Statute 346.94 (5) PLACING INJURIOUS SUBSTANCE ON HIGHWAY. No person shall place or cause to be placed upon a highway any foreign substance which is or may be injurious to any vehicle or part thereof.

We ask that you be considerate and not place snow back into the road when cleaning your sidewalks/driveways. This causes a financial burden and can cause accidents with injuries. Thank you for your help.

The owner or user of each mailbox shall, within twenty-four (24) hours after the end of each snowfall, remove all snow and ice which has fallen or accumulated in front of said mailbox, and shall remove the snow and ice away from the curb or area in front of the mailbox a minimum of fifteen (15) feet on each side of said mailbox.

Please clear snow from around fire hydrants and water meter readers also.

Jan. 2018 News from Your Senior Center

By Rachel Brickner

Happy 2018! With the bustle of the holiday season behind us, winter seems to settle in and stretch out ahead of us. This can be a difficult time of year, especially if people feel more homebound than usual because of the cold, poor travel conditions, or ill health.

The Senior Center has some programs scheduled that can help happily pass these winter days while we wait for spring to return.

On January 25 at 12:30 local beekeeper and humorist Sue Richards will join us for a look at a year in the life of a beekeeper. On January 26 at 10:45 Craig Siemsen will present a program about Route 66—America's Main Street. Siemsen is a folk singer and humorist, and this program promises to be a lot of fun.

Both programs are free and we ask that you simply call us and reserve a seat. We also encourage you to come join us for lunch as part of your outing. Call 835-5801 to reserve a seat or for information about lunch.

Speaking of lunch, every Thursday at Ziggy's in Oregon is the My Meal, My Way program. Between 11:30 and 1:00 seniors age 60 and up can choose from an eight-meal menu for lunch and pay for it with a donation (the recommended minimum donation is \$4.00). No reservations are required, so if the mood strikes and the weather is cooperative, join us for lunch on any Thursday. There are generally between 30 and 50 seniors who enjoy this program each week, so odds are good you will run into someone you know!

If breakfast is more your style, please join us for our pancake breakfast and bake sale on Sunday morning Jan. 28 from 7:00 am to noon. The talented cooks from the Oregon/Brooklyn VFW Post 10272 will be preparing pancakes, sausage, scrambled eggs, applesauce, and beverages for the crowd, and all ages are welcome. The cost is \$6.00 for adults and \$3.00 for children 10 and under.

There are many different activities going on at the Senior Center, all of which are detailed in our newsletter, The Rome Corners Reporter. The Newsletter is available in local businesses, on-line or through the mail. To have it emailed to you or to receive it in the mail (Which costs \$6.00 per year to cover postage), please contact Anne at 835-5801.
